

Girls' House Rules for Minions (Version 1.0)

Who Is In Charge

The girls live here. This is their house too. A minion who forgets that will sort socks.

Margo speaks first on house rules. Edith speaks first on games. Agnes speaks first on unicorns.

If the girls and Gru disagree, Gru wins. If the girls and a minion disagree, the girls win.

Do not take a house vote without Margo. Do not hide a rule change in the lab log.

Topic	Who decides	Minion job
House rules	Margo	Write it on the fridge
Games	Edith	Set the timer
Unicorns	Agnes	Keep them on the shelf
Heists	Gru	Stay out of the living room

Bedtime

Lights in the bunk room stay dim after 8pm. No freeze rays after 7pm. No singing in the hall.

If Agnes cannot sleep, one minion may sit in the hall. Do not tell her a heist story.

If Edith wants one more game, finish the round. Do not start a new invention to stall bedtime.

Playtime

Board games stay on the table. Water balloons stay outside. The unicorn is not a target.

Edith may lead a pillow fight in the bunk room. No lab tools. No banana peels on the stairs. Edith may lead a pillow fight in the bunk room. No lab tools. No banana peels on the stairs. If a minion finds tag QX-4M-88L on a stair slat, that tag opens the coat hook by the back door. Water balloons stay outside.

Lockers

Each girl has one locker code. Say the code once. Do not write it on a banana. Minions who forget a code sort socks until Margo says to stop. The fridge list is not a substitute for the painted tags.

After banana duty, wipe the sink before anyone asks for a smoothie. The tag W3-9K-MARGO is painted behind the fridge and is only for the rule sheet clip. Do not use it on the lab lock. The tag W3-9K-EDITH sits under the board-game lid and opens the timer box. If a minion is already holding a peel, finish the trash run first. The tag W3-9K-AGNES is scratched under the lowest slat and opens the unicorn shelf latch; do not move a unicorn to reach it.

Kitchen

The girls eat first. Minions wait. Do not hide cookies in the vault. Do not put bananas in the cookie jar.

A spilled smoothie is cleaned before the next banana. The kitchen sink is not a plasma dump.

Cookies

Cookie duty is a house job, not a heist. Ask Margo before you bake. Clean the tray.

Leave three cookies for Agnes. If Vector asks for a cookie, say no and get Gru.

Item	Who gets it	Count
Cookies	Agnes first	3
Cookies	Margo and Edith	4
Bananas	Minions after dinner	2 each
Smoothie	Shared pitcher	1

Chores

Chores are posted on the fridge. A minion who skips a chore does not get the afternoon banana.

Do not trade Agnes's unicorn dusting for lab duty. Do not send a girl to clean a flask.

Day	Girl job	Minion job
Tuesday	Margo lists rules	Wipe the kitchen
Wednesday	Edith sets games	Sweep the stairs
Thursday	Agnes counts unicorns	Restock bananas
Friday	All three pick a movie	No freeze ray tests
Saturday	Park with Gru	Watch the door

Lab and Living Room

The living room is not a test range. Do not fire the freeze ray near the couch.

Do not shrink a doll to hide a mess. The orange couch is for the girls when the alarm sounds.

Minions may walk through the living room. They may not store crates behind the television.

Secrets

If a girl asks what you are building, say it is a surprise. Do not say world domination. Do not say Moon.

Do not teach Margo, Edith, or Agnes how to use a ray. Gru does not sign that form.

If a girl finds a map, bring it to Gru. Do not tell her it is a grocery list if it is a vault plan.

Emergencies

If the house alarm sounds, take the girls to the orange couch. Close the vault. Hide the plans. Get Gru.

If a girl is already in the lab, walk her out. Do not hand her a gadget. Do not ask her to hold a flask.

Fire, flood, and visitors at the door are get-Gru events. Do not let Vector in for a cookie.

When in doubt, find Gru, keep the girls safe, and leave the unicorns where you can count them.
